LINEVITCH'S ARMY

MAY ABANDON HARBIN ALSO.

St. Petersburg hints that the Retreating Forces may head westward along the Railway in the direction of home

Bulletin Special.

St. Petersburg, March 24.—The possibility that the Russian army should be unable to hold the lower line of the Sungari River at Chien Chiahs, and may be compelled to retreat not only to Harbin, but also further westward along the railroad, abandoning to the Japanese northern Manchuria and the Russian maritime Amur provinces as well is the latest startling news from the front.

Military authorities there believe that the tunless Linevitch is sure of his ability to hold the Sungari line he will risk his whole army if he fortifies and concentrates there. Meanwhile the Russian reinforcements are arriving at Harbin 1200 men per day. Nevertheless, it is significant that there is now a well-marked peace party at the war office.

A terrible affray took place in Mukden, when a big detachment of Russians, the last to leave the city, were entrapped by Chinese bandits and a few Japanese, who closed the city gates and blocked the streets. Not a Russian escaped. Ninety thousand Russians fell around Mukden. Revolutionists are scattering in the very hour of defeat broadcast among the heart-sick retreating soldiers a proclamation urging them to cease fighting and surrender.

Money for the Douks.

Bulletin Special.

Montreal, March 24.—A Donkoboh delegation headed by Peter Verigin had an interview with the Russian consul here. After the exodus of the Donkobohors from Russia, the government confiscated their homes and are now paying the owners. The consul will hand over thousands of dollars to the committee, who will distribute it to those living near Yorkton.

A Good Move.

Bulletin Special.

Halifax, March 24.—The Nova Scotian Press Association want newspaper postal rates from England to Canada put on a parity with those from the U. S. thus substituting British publications for United States.

Open this Fall.

Bulletin Special.

Toronto, March 24.—"We shall finish the C. N. R. by the end of October. The line from Lake Superior to Edmonton should be open next fall," said Wm. McKenzie, who has just returned from England, where he has floated \$3,000,000 consolidated debentures.

The Same Old Joe

Bulletin Special.

London, March 24th—Open war has been declared between Chamberlain and Balfour over the fiscal question despite the attitude of the latter and the government in refusing to sanction the effort to compel Lord Hugh Cecil to resign Mr. Chamberlain has written a letter claiming that he has a majority of unionists with him and approving of the selection of a Protectionist candidate to contest Cecil's seat.

Furniture Factory Burned.

Bulletin Special.

Durham, Ont., March 24.—Fire destroyed the Durham furniture factory, loss \$50,000; insurance \$22,000.

Without a Head

Bulletin Special.

Winnipeg, March 24.—There will be no manager of the Winnipeg Fair. Chairmen of committees will assume managing duties. Mr. Heuback is chairman of the attraction committee.

Highwaymen Whipped

Bulletin Special.

Money Mountain, March 24.—Sandook and MacDonald, the highwaymen sentenced at the assizes to the usual and long terms of imprisonment, receive the first installment of 25 lashes with the cat each. MacDonald remained horribly during the punishment.

BOARD OF TRADE

HELD ANNUAL GENERAL MEETING.

Officers Elected for the Year—F. T. Fisher the new Secretary.—Reports Adopted.

The annual general meeting of the board of trade yesterday was signalized by the largest attendance in the history of the organization, about sixty members being present.

NEW MEMBERS

After the minutes of the last general meeting had been read and adopted the following new members were introduced and accepted as members. O. M. Biggar, P. E. Butchart, Dr. Glendinning, F. M. Davis, F. Fitzgerald, L. A. Goodridge, W. A. Gardiner, J. Henderson, E. Kirkpatrick, Jas. Koerman, R. Lee, W. H. Lines, Wm. Mooney, Geo. Manuels, F. C. McRae, W. Surgarman, A. R. Scoble, W. W. Short, J. A. Stovel, O. Tessier, W. J. Webster, Mr. Watson, J. E. Wallbridge and B. J. Saunders.

GENERAL BUSINESS.

The correspondence was then read. The finance report was read and adopted. Retiring Pres. J. H. Morris delivered his annual address which attentively listened to and drew hearty acknowledgement and applause. The report of the secretary was taken as read.

The secretary was instructed to write the C. P. R. re having the chair car replaced on the C. & E. E.

ELECTION OF OFFICERS

The annual election of officers took place resulting as follows:

Pres., A. B. Campbell, Vice-Pres., A. T. Cushing.

Council, T. W. Lines, J. A. McDougall, F. D. F. Kirkpatrick, J. M. Turnbull, E. C. Pardoe, J. B. Mercer, A. C. Fraser, J. H. Morris, C. W. Stratling, J. H. Garriety and T. Revillon.

The report of the council of the board was adopted appointing F. T. Fisher secretary for the coming year.

Votes of thanks were passed to the retiring officers for their services, to the city council for their co-operation and grant, and to the retiring secretary, Mr. F. F. Tims.

A resolution was passed endorsing a resolution from the Ottawa board that the leaders of the opposition party in Provincial and Dominion parliament should receive the same salary as a cabinet minister.

REGULAR MEETINGS

A motion was carried that hereafter a regular general meeting of the board be held every second Tuesday at 3:30.

FRIDAY, MARCH 24th, 1905.

PARLIAMENT

Ottawa, March 15th, 1905.

Debate on Haultain's Letter

This afternoon Premier Haultain's open letter to Sir Wilfrid Laurier on the North West Autonomy bills was discussed, having been brought up by Mr. Borden. The rules of the House prevented a discussion on the merits of the bill, so that Mr. Borden was confined to Mr. Haultain's statement that he was practically ignored in the preparation of the educational clauses of the bill.

Sir Wilfrid's View of the Case.

In his reply Sir Wilfrid Laurier said that he had considered the discussion between the North West Government and the Sub-Committee of the Privy Council confidential; apparently Mr. Haultain did not hold that view. No record had been taken of the proceedings. He called attention to the statement in Mr. Haultain's letter that the educational clauses of the bill had been first referred to on the Friday previous to the introduction of the bill. Mr. Haultain spoke of this as a casual reference. As to whether the reference was casual or otherwise there was room for a difference of opinion. Sir Wilfrid said that the matter was discussed and it was discovered at once, that, as Mr. Haultain sets forth in his letter, there was a radical divergence of opinion. It was impossible to reach a joint conclusion and there was no object in continuing the discussion. The clauses as agreed upon by the Government were submitted to Mr. Haultain as he says, on the day the bill was introduced.

Cour cour Treatment Accorded.

The Premier read the concluding paragraph of Mr. Haultain's letter, in which he stated that every courtesy had been shown to the members of the North West Government by the Dominion Government in the discussion.

Discussion Deferred at Request of Opposition

Mr. Borden had complained of the length of time elapsing between the introduction of the bill and its second reading. The Premier read from Hansard showing that on the presentation of the bill Dr. Sprout, who sits immediately on the right hand of Mr. Borden, had specially asked that the second reading be postponed for a sufficient length of time to enable all parts of the country to be heard from on its provisions. Sir Wilfrid pointed out that although hundreds of petitions had been received in the House in connection with the bill, they were all on a single point, the educational clauses. On the question of one or two provinces, the financial terms, or the control of lands, the first word of objection from the country had yet to be heard.

Advertisement Forecasted

In regard to the educational clauses he said that the subject was always a delicate one. On every occasion when it had to be dealt with there was an outbreak of popular feeling. It was not strange that there should be some such expression on this occasion, nor would it be remarkable if the Government, in deference to opinions expressed, should make such changes in this bill as might be necessary to accommodate it more closely to popular sentiment. This is taken to indicate the intention of the Government to make amendments that will meet many of the objections raised; but the Premier gave no indication of the nature of amendments that might be proposed.

Reference to the Privy Council Hinted.

In Mr. Borden's address he alluded to an editorial appearing in last night's Ottawa Free Press, in which a hint was conveyed of the possibility of a reference of the constitutional question at issue in the bill to the Imperial Privy Council. On this point Sir Wilfrid gave no intimation unless it might be covered by his general justification of delay in proceeding with the bill on the ground that the subject was one requiring the most careful consideration.

NOTICE
The Public are hereby notified that it is the intention of the City Council to supply Electric Light and Power to those who require the same. If the demand is found to be great enough to justify the Council in making the extra expenditure they intend to commence day operation on the 1st day of June next.

Those requiring either power or light should make application for same at once at the City Hall.
By Order,
The City Commissioners.

BULLETIN CO. Ltd.

Ross Bros. Ltd

EDMONTON, ALTA.,
ARE THE SOLE AGENTS FOR THE CELEBRATEDPeters
Double Cylinder
Force Pump

The annexed cut (Fig 60) represents our Double Cylinder Force Pump. This is positively the easiest, working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and, each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump, with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor of pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet.

Its durability is far superior to any other pump for the following reasons:

1. It has solid brass cylinders which do not wear out the leathers.
2. The cylinders being at the bottom of the well never lose their priming, neither rust nor wear.
3. It has chilled valve seats which are the leather used for plungers and check valves is the very best obtainable.
4. It has no stuffing boxes.
5. The cylinders are stationary, working nothing but the plunger bales.
6. It having double the capacity of any other pump, requires but half the labor.
7. The pipes and rods used are all galvanized.

The Capacity of these Pumps are as follows.

3½ in. Double Cylinder	- - -	1300 Gallons per hour
3 in. " "	- - -	1000 "
2½ in. " "	- - -	700 "

In price they compare favorably with many of the cheaper and more inferior pumps sold. They are not a new thing or an experiment as we sold a large number last season and in every instance they gave perfect satisfaction.

Building Hardware

Of every description. We carry the largest stock, best assortments and our PRICES ARE LOWER than any other firm west of Winnipeg.

We solicit assorting orders from the trade which will be filled promptly and at lowest prices.

Ross Bros. Ltd

RADICAL LEGISLATION

PROPOSED FOR CALGARY.

Amendments of an unusual character may be offered to the City Charter.

At a recent meeting of the Calgary city council, Ald. Stuart gave notice of a motion to suggest some very radical changes in the city charter. Many of the proposed clauses are similar to corresponding portions of the Edmonton city charter, and the entire bill is interesting, as an illustration of the progressive trend of western thought as regards municipal government. The clauses in the motion read:

1. The council of the city may by bylaw divide the city into wards not less than four in number for the purposes of municipal elections and may from time to time by bylaw rearrange the limits of the wards, and may add new wards.

2. The council of the city shall consist of the mayor and not less than sixteen aldermen, four of whom shall be elected annually by the electors of each ward in the manner hereinabove provided, and the mayor shall be elected every second year by a general vote of the electors of the city in the manner hereinabove provided and shall hold office for two years; provided that no person shall be qualified to be elected as mayor unless he has first served at least one year in the council. (Suggested.)

3. Inasmuch as service in the council is a grave public duty and the public interests demand the election of the best qualified ratemakers, the consent of any person shall not be necessary to his nomination but every person otherwise qualified shall with certain limited exceptions be compelled, if elected, to serve in the council for one year at least, in the same manner as jurors are compelled to serve upon the jury, but after one year's service no person shall be compelled to serve a second term until three years have elapsed since his first year of service.

4. The mayor shall be the chief executive officer of the city, and it shall be his duty to be vigilant and active in causing the laws governing the city to be duly executed, to inspect the conduct of all civic officers and so far as in his power, to cause all negligence, carelessness and violation of duty to be duly prosecuted and punished and to communicate from time to time to the council, and to the commissioners hereinbefore provided for all such information and to recommend such measures as may tend to the betterment of the finances, health, security, comfort and prosperity of the city. (Edmonton city charter slightly altered.)

5. The council shall by bylaw appoint a city clerk, a city engineer, a city solicitor and a city auditor and shall fix the salaries to be paid to the said officers and the said officers shall perform such duties as are assigned to them by this ordinance, by the general law of the Territories or by the bylaws of the council and subject to the provisions hereinabove contained the said officers shall hold office during the pleasure of the council.

6. The mayor, the city clerk and the city engineer shall ex-officio constitute a board of commissioners to be called the "Commissioners of the City of Calgary" and subject to the legislative jurisdiction of the council there shall be vested in the said commissioners the duty and power either directly or through subordinate officers to be appointed by them, of assessment and collection of taxes, the care, management, control and direction of the police force, the fire brigade and other municipal services, and of all property, works, improvements, roads, streets, parks, markets, cemeteries and public places owned or controlled by the city or over which its jurisdiction extends, and also such other powers and duties as may be delegated to them by the council.

7. The city clerk and the city engineer shall not be dismissed except for cause satisfactory to the council and by two-thirds vote of all the members thereof.

The commissioners of the city shall annually submit to the council at its first meeting after the annual election recommendations and estimates for expenditures which in their opinion should be made by the city during the current year, in respect to the different departments of the city business, and the council shall thereupon consider the same and shall vote and provide the necessary funds for such expenditures as they determine to make.

Provided that except by a two-thirds vote of the council no sums shall be voted for any purpose unless the same has first been recommended by the commissioners, nor shall any sum recommended by the commissioners be increased except upon the same vote.

Provided that the commissioners may subsequently at any time during the year recommend to the council additional or supplementary expenditures and such recommendations shall be dealt with by the council in the same manner as the main estimates already voted.

8. The commissioners shall meet at least three days in each week and oftener if necessary, as they may decide, and the mayor shall preside at such meetings and the city clerk shall keep a record of all things done and decided upon therein.

9. No action involving the expenditure of any sum over \$100 shall be taken by the commissioners except upon a motion made and passed at a regular meeting of the commissioners and a minute thereof entered in the records.

10. At all meetings of the commissioners the mayor must be pres-

ent and shall vote on every motion made at such meetings, and if he shall vote in the negative the motion shall not pass.

12. The city clerk and the city engineer shall attend all meetings of the council and shall be entitled to take part in all discussions thereof in the same manner as ordinary members, but shall not be entitled to vote.

13. Subject to the provisions of the next following sections, all accounts against the city shall be presented to the commissioners and shall be paid upon the order of the commissioners signed by the mayor.

14. The council may by law direct that no account shall be paid except upon the approval of the Auditor and a certificate by him that the expenditure referred to therein has been duly authorized.

15. The commissioners at least every two months and oftener if requested by the council shall make to the council a full report in writing of all things done and all expenditures made by them during the preceding two months.

BECAUSE PROPERLY CURED

Y Pharaohs have been called a "Health cigar" and this is why: Every leaf of tobacco I work into Pharaoh is absolutely free of "gum."

You must know that a "gummy" tobacco will make a poor smoke and act injuriously on the throat and stomach. The gum, dissolved by the heat of combustion, is drawn into the mouth—becomes mixed with the saliva and finally reaches the stomach.

The membrane that lines your throat and stomach is pretty tough—but it won't stand the harsh, irritating action of this dissolved gum.

You'll have sore throat if you smoke the "gum" cigar—you'll have heartburn, indigestion, and a disagreeable taste in your mouth from an injured stomach.

With every particle of gum properly "sweated," cured and aged out of the leaf I use as filler for my Pharaoh, I can guarantee you a pure, cool, sweet, fragrant smoke—free from disagreeable tastes and injurious actions on the inner man.

SPROULE TALKS

ON THE AUTONOMY BILLS.

Mr. Monk demolishes the previous speech of his Leader.—Sifton speaks to-day.

Ottawa, March 23rd.—The debate on the Autonomy Bills continued to-day. Dr. Sproule opposed the bill on the legal opinion of Christopher Robinson, Hon. Mr. Patterson, Minister of Customs and Mr. Monk, the French leader of the Opposition supported. The speech of Monk was a sensation. He opposed Mr. Borden on every point. His speech must make a rupture in the Opposition party. Mr. Sifton will speak first to-morrow in support of the Bill.

The next meeting is to be held on April 22. Notice of same will be given later. Any farmer wishing to become a member can do so by sending name and address and one dollar to R. Sheppard, secretary-treasurer, Box 47, Strathcona.

LARGE REAL ESTATE DEAL

It is announced that Revillon Bros. completed negotiations yesterday for the purchase of the Battrick property at the corner of First and Isabella streets. The property includes two lots fronting on Isabella street beside the corner. It is understood that several of the adjoining lots have also been selected and that the site will be occupied by warehouses.

RYAN-KELLY.

A very pleasant but quite wedding took place on Wednesday, March 22, at the home of Mr. and Mrs. James Kelly, Bay, when their second daughter Jeanie B. was married in marriage to Mr. Samuel J. Ryan. The ceremony was performed by Rev. Dr. G. McQueen pastor of the Edmonton Presbyterian Church, at high noon, in the presence of immediate relatives.

The bride was beautifully attired in white organdie and wore a daintily arranged bouquet. After partaking of a sumptuous dinner the company returned to the parlor and passed an enjoyable afternoon with music and singing. The happy young couple then departed, carrying with them the best wishes of all present. The groom's present to the bride was a handsome gold watch and chain, the other presents while being beautiful were very useful, and thoughtfully selected.

MOORE-GALE.—At the residence of Mr. and Mrs. E. M. Battrick, on Wednesday, March 22nd, at 6.15, by Rev. C. H. Huestis, Frank Ireson Moore was married to Florence J. Gale, of Edmonton.

CONTRACTS FOR STREET RAILWAY.

The Ottawa Journal publishes item to the effect that J. M. Campbell of that city, engineer for the Edmonton Street Railway Company has awarded the tenders for the work of constructing five miles of the line, to be completed by September. The cost of the line is placed at \$17,000 per mile and the cost of the power plant at \$20,000.

THE CHAMPIONSHIP SITUATION.

Strathcona, March 22, 1905.
The Editor Edmonton Bulletin.

Dear Sirs—In looking over your paper of recent publication, I concluded that you had been wrongly informed regarding the trouble existing between the hockey teams of Strathcona and Edmonton in reference to the "Alberta Hockey Challenge Cup" presented by Mr. T. A. Stephen. As I am greatly interested in hockey and at the same time perhaps as well posted as anyone to place the matter before you from the Strathcona host's point of view I would thank you most kindly to publish the following account of the question, as the business transacted happened between the secretaries of the clubs. I was instructed about two weeks ago to send a challenge to the Edmonton team to play for the Stephen cup which I at once attended to, but owing to the teams from the south being in our towns the cup holders could not see fit to except the dates mentioned. In the same letter I suggested Mr. Forbes of Wetaskiwin as referee for the series each club to pay half the expense. This was only asking the same as had been the rule in the two preceding years when Edmonton team held the cup 1902-3 and Strathcona 1903-4. I was informed by phone that the Edmonton team objected to paying half the expenses of an outside referee and the same evening I got a letter stating that they wished to have the double referee system enforced and also stating that the gate receipts would have to be much less than we had expected although at the most there was no great speck in it for our team. However I replied stating that certain other dates would suit us as suggested by the Edmonton team and also that we were quite agreeable to the double referee system and that the division of gate money would also be satisfactory to us. In this letter I mentioned the name of Mr. Benson, of Strathcona, as one of the referees and asked that the secretary of the home team send me one or more names from which to choose a second official for the series. Now Mr. Editor this is where the Niggar is in the fence, and where Strathcona hockey team ground their complaint and I think you and every true sport either in Edmonton, Strathcona or anywhere throughout the west where hockey is the entertainment and only winter sport, will agree with me when I say we were not used right and sportsmenlike. The rules governing this trophy state that when the clubs cannot agree on the officials of the games the trustees shall then appoint them at the expense of both clubs. Now the clubs did not disagree on this matter, but it was taken by the Edmonton Hockey Club Committee to the trustees and only two of the three trustees were notified of the meeting the third member Mr. Kenny being called in after the meeting's business had been done. And the Strathcona team were not notified of the proceedings until after the two trustees had appointed the officials. We were not even informed that the cup defenders would not except Mr. Benson. The first intimation I received was by phone stating that the trustees had appointed the referee and judge of play, here we were cut right out of the matter. The home team were represented at this meeting, why not the challengers? Why did the challengers not receive word that

Continued on page seven

Permission may be granted by the Minister of the Interior to locate claims containing gold and mica, also copper in the Yukon Territory, of an area not exceeding 100 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where alluvium covers a bed, claims 200 feet wide may be obtained.

Dredging on the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10.00 per month for each mile of the river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base of the hill or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee \$10. Royalty at the rate of one-half and one-half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the controller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydrolic Mining, Yukon Territory.—Location possible for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent. of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the lands to be prospected an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Department of Interior, Ottawa, September 1903.

JAMES A. SMART
Deputy Minister of the Interior.

THE planters from whom I buy my tobacco in Cuba are the most expert tobacco growers in the world. They keep the plant nipped back carefully free from suckers and only leaves enough on the plant for it to properly mature and nourish.

In this way the good of the tobacco—the proper qualities to make it excellent smoking, are evenly distributed all through the plant. Thus the leaf I secure for my Pharaoh filler is perfect—an even smoker—palatable and delicately odorous.

J. BRUCE PAYNE, Limited, Cranby, P.Q.

For the rest I use binder a Connecticut broadleaf, the highest quality of binder grown—and a wrapper I import direct from Holland—namely leaf Sumatra—the finest wrapper in the world.—J. B. P.

Mayor, K. W. MacKenzie; Alderman, G. May, K. A. MacLeod, W. H. Clark, D. R. Frazer, J. R. Boyle, T. Bellamy, J. H. Pflaum, W. A. Griesbach.
Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.
Immigration Officer:—C. W. Sutter.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves for Strathcona 7.45 a.m. and 1.30 p.m. Arrives from Strathcona 9.15 a.m. and 4.50 p.m.

LOCAL

—Train on time.
—Generally mild today and Saturday. A few light showers likely.

—J. H. Miller is the contractor for the new Lee block.
—Tenders are being called for the heating and plumbing installation in McKay avenue school.

—The department of music and education will give a recital in Mc Dougall Church this evening at 8 o'clock.

—Wilson & Hodgson of Calgary are advertising for tenders for the erection of the new Merchants' Bank block in Wetaskiwin.

—On the 29th of August next Canada will be treated to one of the grandest and most striking of astronomical phenomena—a total eclipse of the sun.

—A Lodge of Eagles is about to be organized in Edmonton. The charter has been granted to over 50 applicants, and they expect to procure club rooms and organize at an early date.

—The Medicine Hat Times man interviewed in Winnipeg, said: "We in Medicine Hat shall very shortly be relieved entirely of local rates and taxation if the flow of gas continues as we expect. Last year our local rates amounted to eighteen mills on the dollar, representing the sum of \$18,000; now the working expense of our 'natural gas' plant amounts to some \$80,000 per annum, whilst, basing our calculations upon the past two months (January \$2,500; February \$2,800), we may reasonably calculate upon an income of \$25,000; this will leave a profit of \$19,000 more than sufficient to pay our last year's entire taxation."

—Calgary, March 18.—The C. P. R. land department are making preparations for placing on the market the land which they hold in sections 9 and 16. Section 9 is that part of this district to the southwest of the city, that very desirable district to the west of the Holy Cross hospital. Section 17 is to the west of the city adjoining section 16. Engineer Taylor, of the C. P. R., has been here during the week surveying the district. The extent of the land placed upon the market will be about 700 acres.

—Calgary Herald:—Edmonton's Board of Trade asks the council for a grant of \$2,500 for general advertising purposes, and, from the tone of the Edmonton press the amount will be granted. Every community in the west can learn a lesson from the generosity of Edmonton's council and merchants in providing funds for advertising. The substantial value of publicity is not disputed, by thoughtful people. Direct results are difficult to trace in each instance but a town or city profits by judicious advertising just as a retail merchant does. Edmonton's business men are to be commended.

—Alberta Star: That Calgary Herald article with regard to non-partisan government for the new province is not meeting with the unanimous approval they had anticipated. If the Calgary Herald had no just to account for their declaration might be taken more seriously, but, with the history of the Moose Jaw Convention still fresh in our memories we are forced to apply the "trinch of salt" adage. Non-partisan government is all right, but it appears to us that the Calgary Herald has already pledged their voices and votes for the division along party lines. We shall be forced to ask them to go a little slow so that we may know where they are at.

—The annual convention of the Alberta Sunday school Association is announced to take place at Edmonton April 21 to 27, and promises to be an event of interest and importance. Local educators in Alberta have been asked to speak and the subjects for discussion are: "The following are noted:—How Far Can Religion and Morals be Taught in the Public Schools?" "The Cultivation of Worship in and Through the Sunday School." "Work among Boys." "The Essentials of a Good Sunday School." "The Study of Child Nature." A conference of superintendents is a special feature of the convention. The convention is open to delegates from schools of all denominations in Alberta, and to the general public. Delegates to be elected on the basis of one for every twenty-five of school membership. Clergymen are delegates without election. Entertainment will be provided for all delegates who send in their names before April 15. Arrangements are being made for cheap rates on the railways. Further information can be obtained by writing the secretary, J. M. Thom, Edmonton.

dy 66-67 chg.

Twenty-one settlers came in last night from Illinois, Kansas, Nebraska, and Iowa. The new arrivals left this morning, going in various directions to look over the country. All new-comers from the States预言a remarkable influx into this district during the spring and summer.

—Regina Standard:—A curiosity passed through Regina on the C. P. R. Friday in the form of a little old woman reported to be 127 years of age.

The lady is Chinese. She came from Montreal and is on her way to Vancouver, from which place she will sail for her native country to be buried when interment becomes necessary.

—Montreal Witness: The fact that sowing was commenced in Alberta before the end of February sounds cheerful to us in Quebec, where still in the luxuriant feather bed of winter, while Nova Scotia is blockaded to the famine point. Colonel Palliser, who first explored the region, predicted that it would one day become the most fertile and populous part of British North America. As the natural habitat of the bison he said it could not be otherwise. Published in Great Britain, this fact will be the best of all advertisements, as Alberta is ahead of England.

—Alberta Star: That Calgary Herald article with regard to non-partisan government for the new province is not meeting with the unanimous approval they had anticipated.

If the Calgary Herald had no just to account for their declaration might be taken more seriously, but, with the history of the Moose Jaw Convention still fresh in our memories we are forced to apply the "trinch of salt" adage.

Non-partisan government is all right, but it appears to us that the Calgary Herald has already pledged their voices and votes for the division along party lines. We shall be forced to ask them to go a little slow so that we may know where they are at.
